*This policy will be included in New Student Orientation

SLCHC Code of Student Conduct:

St. Louis College of Health Careers (SLCHC) is committed to providing an educational environment that is grounded on respect, tolerance, integrity, and creativity. It is a privilege to study and work within this rich environment of health and academia. Each student is responsible to adhere to the Code of Student Conduct. The effectiveness of this code depends on each student's acceptance of personal responsibility for his/her own conduct and a cooperation to uphold the values and mission of St. Louis College of Health Careers.

Students are expected to abide by these policies, as well as all local, state and federal laws, both on campus and at college-sponsored functions off campus. To uphold these principles, action must be taken if students do not accept this responsibility. The Code of Student Conduct is designed to be an educational process that holds students accountable to themselves and the community. It is accomplished through a process that stresses appropriate consequences designed to enhance self-learning, gain insight into how their behavior affects the community, and foster better choices in the future.

Jurisdiction of the Code of Student Conduct:

The Code of Student Conduct applies to the conduct that occurs within any of the SLCHC locations, at college-sponsored activities, and off-campus conduct that adversely affects the SLCHC community. Each student shall be responsible for his/her conduct from the time of application through graduation or withdrawal. A Student Conduct Board will decide whether the Code of Student Conduct will be applied to conduct occurring off campus, particularly if the behavior has a potential to impact the college negatively. This determination shall be made on a case-by-case basis, at the discretion of the Dean/Director of Education

As a rule, a student who willfully destroys school property or is insubordinate or disruptive in the classroom or out- may be withdrawn from SLCHC at any time during the school year. No gun or weapons are allowed on any of the school premises. For the health and safety of all, SLCHC adheres to a No Smoking Policy. Students under the influence of drugs or alcohol, or in possession of drugs or alcohol may be withdrawn from SLCHC. Students seeking help or guidance for breaking addictions may be referred to appropriate drug counseling programs.

Prohibited conduct includes:

- Plagiarism by intentionally or unintentionally using someone else's words, or concepts, as one's own by failing to give proper credit
- Cheating by attempting to present, as one's own, work that one has not performed, or using improper means to pass an examination or test
- All forms of dishonesty, including, but not limited to, furnishing false information, forgery, and altering or misusing documents
- Intentional disruptions or obstruction of teaching, performance, administration, disciplinary proceedings, or other college activities
- Abuse, intimidation, or harassment, physical or otherwise, of any person on the college premises or at college-sponsored or supervised functions
- Behavior or activity that may endanger the safety of one's self or others, including, but not limited to, the possession and/or use of firearms, fireworks, weapons or hazardous chemicals
- Vandalism or damage, destruction or defacement of property
- Theft of college property or the property of any person
- Possession, sale, abuse or use of controlled substances without medical authorization.
- Unauthorized presence in or forcible entry into a college facility or college related premises, including classrooms and offices
- Unauthorized use of college property, equipment, or keys
- Unauthorized use or distribution of alcoholic beverages
- Failure to follow directions given by a college official
- Violations of local, state, or federal laws
- Violation of stated college policies and regulation, written or unwritten

Charges and Procedures:

Any member of the college community may bring a complaint against a student, or student group, for violation of the Code of Student Conduct. Complaints should be made in writing and directed to the Dean/Director of Education. Verbal complaints should be followed up with a written statement. Any charge should be submitted as soon as possible after the event takes place, preferably within two weeks. The Dean/Director of Education will do an initial assessment of the complaint to determine appropriate procedure to follow. The first step would include meeting with the student to discuss the complaint.

In extraordinary circumstances, a student may be immediately removed from campus before a charge is made.

In serious breaches in the Code of Student Conduct, the Student Conduct Board will review and thoroughly investigate the complaint. Generally, this investigation will include, but is not limited to, meeting with the accused and the complainant separately and, if applicable, the Dean/Director of Education consulting with faculty, staff, and administrators. The Student Conduct Board consists of the Dean/Director of Education, the Program Director, and invited members of the faculty/staff.

Alcohol, Illegal Drugs and Substance Abuse:

As per the Code of Student Conduct Policy, the use/possession/distribution of any controlled substance is strictly prohibited on campus property.

In the event any member of the faculty or staff believe a student is under the influence of any controlled substance, possesses a controlled substance, or is distributing a controlled substance on school premises, SLCHC administration has the right to ask the student to submit to drug screening.

The College will enforce a "Zero Tolerance" policy with all students who test positive for a controlled substance. This means, the student will be dismissed from his/ her program and will not have the right to an Appeal/Grievance Hearing requesting reinstatement, unless the student can bring in documentation from a physician stating the prescription and the reason for the use. In addition, all students will undergo drug screening prior to beginning an externship. The student will be provided resources and guidance to assist with treatment options

Any consideration possible reinstatement will not be addressed until the following criteria are met:

- The offending student's class has graduated and/or at least six (6) months have elapsed from the date of the student's dismissal
- The student attends an external Drug/Alcohol Rehabilitation Program and has documentation to show successful completion of such a program
- The student contacts his/her Program Director and submits to the appeal process as outlined in the Student Appeal/Grievance Policy and College Catalog
- At the time of the appeal hearing, SLCHC must receive an official current negative drug screen from an independent off site facility, which is paid for by the student

Once the appeal is heard, if the appeal is not granted the student is not allowed to return and he/she does not have the right to another appeal hearing.

If the appeal is granted, the student's Program Director will contact the student and initiate the re-entry paperwork and counsel the student that a history of drug use may affect their ability to be granted permission to sit for licensure exams and hinder future employment.

Upon return, the student is obligated to continue on the course path that was outlined prior to dismissal. A meeting with a Financial Aid Representative is required to determine financial aid status.

Emergency Procedures:

Fire Evacuation:

In the event of a fire, smoke from a fire:

- Pull the fire alarm.
- Evacuate students and staff to the designated areas (located on fire evacuation maps near exits).
- Follow primary routes unless blocked by smoke or fire. Know the alternate route. Maps are located in common areas and hallway. Do NOT use the elevator.
- If a door handle is hot, don't open it. Use an alternate route.
- Follow the evacuation route to an area a safe distance away from the building (at least 50 feet).
- Be aware of the arrival of emergency responders.
- In cases of thick smoke, crawl low to the floor during evacuation.
- If trapped by fire, primary, secondary, and any alternate route being blocked, go to Shelter-in-Place Procedures.
- Directors manage traffic flow leaving their designated areas. Attempt a safe, quick sweep of floor to ensure evacuation of all persons.
- Directors should close doors behind them, but do not lock classroom or office doors when leaving.
- Directors notify Dean/ Director of Education (Cindy Marten) either in-person, or via telephone upon completion of evacuation and arrival at safe area.

Responsibilities of the Safety Chair (Dean/Director of Education – Cindy Marten):

- Meet with emergency officials as soon as possible.
- After consulting with appropriate official, the Safety Director may move students to a primary relocation center on the grassy knoll, if weather is inclement or building is damaged.
- Notify staff and students of termination of emergency.
- Notify Media Representative, if necessary.

Additional Information:

Do not re-enter buildings until fire or law enforcement personnel declare them safe. Extra staffing may be necessary for students with special medical or physical needs. Directors will plan this ahead of time for any student in their area.

Shelter-in-Place:

Purpose:

This describes the general procedures to be followed when Shelter-in-Place is required in response to a major campus emergency. Shelter-in-Place is the action of seeking immediate shelter indoors following a release of hazardous materials to the outside air or other major campus emergency. The hazardous materials may be chemical, biological, byproducts of a fire (smoke, ash, etc.), or other harmful contaminants.

Applicability / Scope:

This plan will be implemented based on the decision of the Safety Chair and will provide guidance to the remaining Safety Committee members and the school community at large.

Basic Procedures:

As part of the assessment following a hazardous material release or other major campus emergency, the Safety Chair will determine the need to implement Shelter-in-Place procedures.

Once a Shelter-in-Place situation is declared, the Safety Chair will notify staff and faculty as needed. The following steps will be completed by the floor directors and their staff:

- Close all doors and windows.
- If possible, close or seal air vents.
- Close window shades, blinds, or curtains.
- If possible, seal gaps around doors and windows with wet towels and tape.
- Turn off air handling (HVAC) equipment, or set to 'Recirculation' to minimize introduction of outside air into building. Shut down all operations.
- Post sign at all entrances and exits, "Shelter-in-Place in effect. No Entry or Exit".
- Move all occupants to an interior room away from as many windows as possible.
- Remain indoors until 'all clear' message is received from Safety Director.
- Following 'All Clear' announcement, open doors and windows and turn on ventilation systems until indoor air has been exchanged with fresh air.

Providing Assistance to Persons with Disabilities:

When possible, Directors should identify persons with disabilities in advance of an emergency situation. Designate a person in the same or adjacent area to provide assistance as requested or required by the individual. Ensure the safe movement of all persons with disabilities and account for them as soon as possible.

Severe Weather:

Tornado Watch & Warning:

A **Tornado Watch** is issued by the National Weather Service when weather conditions are such that a tornado could develop. If a Tornado Watch is issued for St. Louis County:

The Safety Chair will notify the campus community via bulk email and text message of the 'watch'. The situation will be monitored by school safety officials until the 'watch' period expires.

A **Tornado Warning** is an alert confirming a tornado sighting and location.

In the event of a Tornado Warning:

St. Louis County will sound the civil defense sirens. The Safety Chair will notify the campus community via bulk email and text message of the 'warning'. All students, faculty, staff, and guests should proceed to an interior classroom with no windows on the lowest level of the building.

Be sure to stay away from the perimeter of the building and any exterior glass. **DO NOT GO OUTSIDE.** Close doors when rooms are vacated. Wait for the 'All Clear' from the Safety Chair or other College Administrator.

Snow Emergency - School Closings:

In the event of severe winter weather, the school may close. The determination will be made by the President in consultation with the Dean/Director of Education and other members of the team. This decision will be based on weather information available through the various media outlets. If the decision has been made to close the school and cancel all classes, the following steps will be taken: Sarah Johnson, Operations & Support Coordinator, will notify local television, of our school's closing for the day. Amy Hyde, Director of Admissions, will change the incoming phone message to the school's main line. The new message will inform callers of the school's closing for the day due to severe weather. Alan Portman, Information Technology Coordinator, will notify students, faculty, and staff of the school's closing for the day. This will be done via Campus Nexus Web portal, using the bulk text messaging and bulk email function. Amy Hyde, Director of Admissions, will post on the various SLCHC Social Media outlets a message indicating the school's closing for the day.

These four steps apply to closing decisions made after hours, or before the school would open for the day. In the event the decision has been made to close the school during mid-day, steps two through four will be followed. For weather situations that warrant a discussion, but the school remains open, the Dean/Director of Education will follow steps three and four to notify all students, faculty, and staff of the school remaining open.

Threat Assessment:

This section provides information on what to do if you encounter a potential threat on campus. The following topics are addressed:

- Policy and definitions
- Early warning signs
- Strategies to prevent a crisis
- Threat assessment and reporting procedures
- Established campus and community resources

Threat Assessment Policy and Definitions:

SLCHC recognizes that understanding and mutual respect toward all members of the College fosters a climate of safety and excellence in teaching and learning. Violence or threats of violence on campus or at campus - sponsored events will not be tolerated. Threats of violence include, but are not limited to, any situation initiated from internal or external sources that:

- Endanger the safety of any student, faculty member, staff member, or visitor;
- Has an impact on an individual's physical and/or psychological well-being;
- Causes damage to personal or SLCHC property;
- Creates a hostile campus environment.

Any individual who commits a violent act or threatens to commit a violent act toward other persons or property on campus or at campus -sponsored events shall be subjected to disciplinary actions, up to and including dismissal from the college. Civil and/or criminal penalties may be pursued as appropriate. Every member of the campus community is expected to take any threat or violent act seriously, and to report these acts to the appropriate contact resources. It is recognized that violence or threatening acts are often complex, intimidating, and confusing. Students, faculty, staff, or visitors should not put themselves in danger, but rather, utilize campus and Community resources to assess the level of danger, design an appropriate intervention or response plan, and employ reasonable safety measures

Recognizing Early Warning Signs:

Most people who commit extreme violence do not just snap without warning. Extreme violence is rarely an isolated event, but rather, the last link in a chain of progressively dangerous and, often, highly visible behaviors. Troubling behaviors in their early stages are largely correctable and minimally volatile. When these behaviors are allowed to progress over time to more aggressive acts, the offender becomes increasingly frustrated, committed, and confident of his/her ability to deliver violence. They may even tell others what they plan to do. Violence profiles list various personality traits and behaviors associated with those who have used extreme violence in the past. Identifying at-risk characteristics can bring attention to a troubled individual or may suggest that the process of plotting violence has already begun. While few of these individuals will commit extreme violence, if you observe any of these warning signs, they can be cause for concern and should be reported.

Signs to look for:**Verbal Clues:**

Verbal wishes to kill, be killed, or die
Verbal threats of harm to another person
Frequent expressions of anger and frustration
Name calling or abusive language
Bragging about having weapons

Behavioral Clues:

History of aggression/ violence / bullying
Destruction of personal and/or school property
Recent attempts to secure weapons
Recent attempts of suicide, hopelessness
Involvement with hate groups or criminal gangs
Defiance of authority
Writings/ drawings with intense violent themes
A pattern of poor interpersonal relationships or isolation
History of drug or alcohol abuse

Bizarre Thinking:

Paranoia
Delusions of grandeur, power, control, destruction
Delusions in general
Hallucinations
Significantly deteriorated thought processes
Persecutory perception of self as victim

If you see any of these warning signs or experience any type of threatening behavior, contact the Dean/Director of Education immediately.

Preventing a Crisis:

Violence prevention is best accomplished by stopping the process before it gets started. Maintaining a healthy campus environment and addressing minor violations to campus policy lower the risk of aggressive responses and increase the possibility of peaceful resolution. Recognizing the early warning signs alerts us that the process of violence may have begun and provides opportunities to intervene before an individual becomes committed to violence.

Various strategies to prevent a crisis include:

Communicate a clear policy against and consequences for violent behavior
Identify potential offenders and victims early
Report threatening behaviors promptly
Efficient response to reports
Training in conflict management, communication, and anger control skills
Identify campus and community resources for students, faculty, and staff
Make no assumptions about threatening behavior; take threats seriously

Threats of Imminent Danger:

In all cases, if violence is imminent, call 911. In the case of a situation requiring immediate and urgent attention, such as a physical fight that breaks out between two students or a student who becomes physically aggressive towards a teacher in class, contact the Dean/Director of Education at x3575.

The Dean/ Safety Chair will take immediate action and make the decision as whether or not to involve other Safety Committee members. If a student demonstrates behavior that is in violation of the Code of Student Conduct, that student may be subject to immediate termination from the college. Student may be brought before the Student Conduct Board for disciplinary action (that may also result in termination).

Threats of Potential Danger:

If you need to report a perceived threat, contact the Dean/Director of Education at x3575. The Dean will respond to the contact as soon as possible or typically within 24 hours of initial contact. She will collect information and make a preliminary assessment of the situation. Based on the initial assessment, the Dean may conduct a more detailed investigation and implement some or all of the following procedures as appropriate:

- Identify the subject(s) of concern.
- Collect available information on the threatening situation.
- Consult with outside professional resources for help in assessing situation and in conducting the investigation.
- Interview subject(s) of concern as appropriate. Assess whether the subject (s) is an imminent threat to self or others and take appropriate action.
- Remove subject from his/her surroundings.
- Put subject on temporary leave from school until safety to community is ensured.
- Present situation to the Student Conduct Board for possible disciplinary action.
- Document the report and procedure.

Active Shooter:

Urgent Threat:

A student enters the building and walks up to the front desk where his ex-girlfriend is working. He smells like alcohol and seems disoriented. He starts making suggestive comments to her and then walks behind the desk. She tells him he can't be behind the desk and that he should leave. The student continues to walk closer and tries to touch her. When she yanks her arm away, he yells at her that she is leading him on. The student worker from the Bookstore notices this exchange and comes out of his office to get the guy out of there and he finally leaves the building. Since the desk worker is the person feeling threatened, she will tell her superior about this exchange. A report should be filed with the Director of Education.

Potential Threat:

A professor is handing back exams when a student stands up in class after receiving a failing grade and starts shouting and swearing about how this class is a waste of time. He then stomps out of the room after screaming at the professor, "You better watch your back". The professor feels very undermined and uncomfortable and does not want to see that student in her class again. This threat does not require urgent attention, because the student has left the room and is not a threat to the class that is currently in session. However, the professor feels unsafe around the student. A report should be filed with the Safety Director.

Procedure:

There are a variety of situations in which an armed offender may be observed on or near the SLCHC College campus. The offender may have been involved in criminal activity near the campus (i.e. a robbery to a nearby business), or the crime could have taken place on campus property (i.e. a robbery of a member of the college community). In either case, the following guidelines are suggested if an individual is observed with a weapon near the campus:

Immediately call 911 or the St Louis Fenton Police Department, and, remaining as calm as possible, relate the following information:

- Your name, exact location, and call-back number
- The location where you observed the armed individuals
- The details of the circumstances during which you made the observation
- A full description of the individuals - gender, race, approximate age, height, weight, body build, clothing description, and any identifying features (tattoos, limp, glasses, facial hair, etc.)
- A description of the weapons you observed and where the individual was carrying the weapon
- A description of any luggage, packages, or backpack that the individual was carrying
- An estimation of the number of potential victims at the location
- After calling 911, notify the SLCHC College Administration at 636-529.0000 x3575 or
- Immediately seek shelter in a campus building, away from windows or glass doors.
- Remain inside the building until you are contacted by either the Fenton Police Department or campus team member and advised that it is safe to leave your location.

Incident Involving an Active Shooter on the SLCHC College Campus:

An active shooter is a person(s) who appears to be actively engaging in killing or attempting to kill people in a populated area; in most cases, active shooters use firearms, and there is no apparent pattern or method to their selection of victims. Active shooter events are extremely dangerous, unpredictable, rapidly evolving situations requiring rapid response by law enforcement. If an active shooter situation occurs-you should take the following actions:

If the shooter is outside your building:

- Remain calm
- Turn off all lights, close and lock windows and doors, closeblinds
- Barricade doors if not lockable
- Warn others, if possible and safe to do so
- Get yourself and others on the floor and attempt to hide behind/under something
- If safe to do so, move to a core area of the building and lock/barricade yourself in a room
- Silence radios, cell phones and other devices; remain silent
- Call 911 and the SLCHC College Administration, 636-529.0000 x 3575 as soon as safely possible
- Remain in place until given the all clear by the Fenton Police or College Crisis Team member

If the shooter is inside your building:

- Remain calm
- If safely possible, flee the area
- If not safe to flee, lock/barricade yourself f in a room
- Turn off lights and hide under/behind furniture - staylow to the floor
- Remain silent, silence radios and cellphones
- Call 911 and the SLCHC College Administration, 636-529.0000 x 3575 as soon as safely possible
- Remain in place until given the all clear by the Fenton Police or A college crisis team member
- If the shooter enters your office/classroom:
